## About Project

Design Pulley has successfully executed three projects for Lladró across key locations in India, including two in Delhi NCR (Sultanpur and Ambience Mall) and one in Chennai. The Sultanpur outlet was developed as a flagship store, where we undertook the role of Project Management Consultant (PMC) along with complete furniture execution. This project spanned three floors with an approximate carpet area of 7,500 sq. ft., showcasing our capability to manage large-scale, high-end retail environments.

The Ambience Mall outlet, with an area of approximately 500 sq. ft., was delivered within a tight timeline of one month, ensuring timely store launch without compromising on quality. Additionally, the Chennai store, covering around 800 sq. ft., was completed efficiently within 45 days.
